Letter of Recommendation:

Dear Pastor,

It is with great joy to recommend to you Dr. Paul McLaughlin. Brother McLaughlin and I have been friends for several years and have worked side by side in ministry. Paul is a faithful and dedicated minister of the gospel.

He has an understanding of the word of God, church polity and is submissive to local church authority. He has faithfully served as the mission director of his home church and had done an excellent job. He has a great understanding of biblical missions and is proficient in biblical counseling. He has taught in our mission's agency candidate training program. And has done an excellent job.

I wish that we would not need services as Dr. Paul will bring to the local church, but sad to say, it is a necessary one. He will be an asset to you, your church and to your staff.

I highly recommend Dr. Paul McLaughlin to you as a missionary.
